

The difference you'll make

\$350 - Will help pay for the medical equipment and supplies which closely monitor a baby's condition while they are being transported in an infant incubator.

\$550 - Will help pay for a navigation iPad to provide our pilot with navigational guidance during the flight.

\$800 - Will help provide Mental Health First Aid training to front line workers and local staff to further support regional communities.

\$1,000 - Will help provide a Vacuum Mattress (a medical device used for the immobilisation of patients, especially in case of a vertebra, pelvis or limb trauma).

\$1,500 - Can help provide a Neopuff Infant Resuscitator. This ventilator unit delivers breathing gases via the Neopuff tubes and mini-mask into the premature baby's lungs.
